The Disciplinary Committee no.2016-17/058 decree

The Disciplinary Committee investigated the MOL League game MOL 225 (Ferencvarosi TC - DVTK Jegesmedvek) where Balazs GOZ player of DVTK Jegesmedvek was being penalized 2 minutes for charging (CHARG). The Committee made the following conclusions:

After 7 minutes of the match the player of DVTK Jegesmedvek collided with the opponent player.

IIHF RULE 122 – CHARGING

DEFINITION: A player who, after skating towards an opponent, checks him with unnecessary force or who runs at or jumps into an opponent.

A player who checks an opponent with unnecessary force or who runs at or jumps into an opponent will be assessed at least a minor penalty.

A player who makes physical contact with an opponent after the whistle has been blown but who had sufficient time to avoid such contact will be assessed at least a minor penalty for charging.

A goaltender is not “fair game” simply because he is outside of the goal crease. A minor penalty for interference or charging is warranted where an opponent makes unnecessary contact with a goaltender.

A player who injures or recklessly endangers an opponent as a result of charging will be assessed a major penalty and automatic gamemisconduct penalty or match penalty.

According to the Disciplinary Committee's opinion, the player threw away his broken stick, and hit the opponent player with his hand. Due to the collision their left legs hooked up. Due to the falling, the Ferencvárosi TC player's right leg turned under him. The player couldn't continue the match. The medical report says that, he suffered bruise on his leg. The measure of the malpractice is equal that the referees have called.

The Disciplinary Committee approve the referee's judgement, and do not use other sanctions.
